- 4 beds
- 3 baths
- 2352 sq ft

Room to spread out and a layout that actually works for how people live. This well-maintained 4-bedroom, 3.5-bath home stands out with two primary suites — one on the main floor for single-level convenience or guests, and a second upstairs for added privacy. Whether you're hosting multi-generational family, sharing with a roommate, or just want [...]
